

Flow Range Designed for Seamless Collaboration

Our new Flow range is meticulously crafted to enhance team collaboration. With the right tools, working together becomes effortless and rewarding.

The Flow range offers the flexibility to mix and match products to fit your unique environment and work style. Choose from a mobile cart or wall mounted options and customise with your preferred collaboration solutions.

Experience high quality, thoughtfully designed tools that create the ultimate flexible working environment.

- A versatile cart for storage, mobility and presentations
- Customisable wall rails to expand and organise your presentation space
- Easily transfer boards between wall rails and the cart for seamless collaboration
- Lightweight magnetic whiteboards for easy handling
- Choose porcelain whiteboards for an exceptionally durable surface
- Add acoustic panels, available in 22 colours, to capture important information and manage sound

Flow Range

Flow Cart

The Flow cart enables teams to transport their work effortlessly and conduct meetings anywhere.

- Slots on the cart to hold up to eight boards
- Store whiteboards and acoustic panels on the cart
- Place your board securely on the outside of the cart to present from anywhere
- Castors help to easily move the cart around your workspace
- Constructed from steel with a timber finish

Code	Description	Size (LxWxH)
WFLOWCART	Flow Mobile Whiteboard Cart	1077 x 565 x 1000mm

Flow Wall Rails

Install the Flow rails on the wall to provide a focal area for group work.

- Black aluminium finish
- Standard length of rail is 2640mm or customise rails to your own length
- Wall rail has two channels (front and back) for holding boards
- Simplify lift your boards in and out of the channels
- Holds any combination of whiteboards and acoustic panels

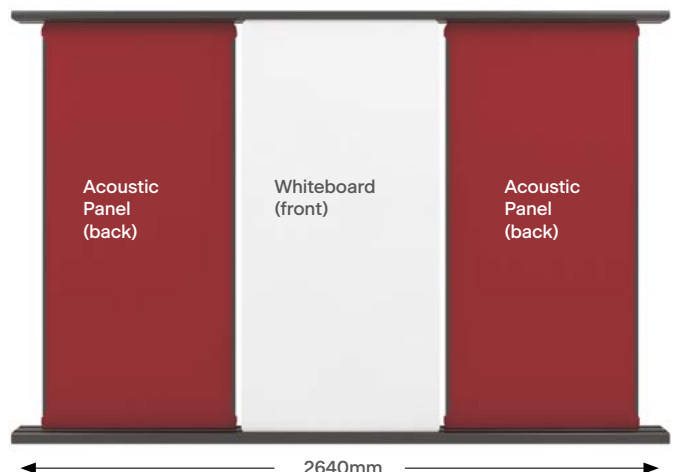

Code	Description	Size (L)
WFLOWRAIL	Flow Wall Rail	2640mm

To order:

1. Choose how you want to use the Flow Range – cart only, wall only, or cart and wall.
2. Choose the number of whiteboards for your workspace.
3. Choose the number of acoustic panels for your workspace.

Suggested Flow Wall Rail Set-Up

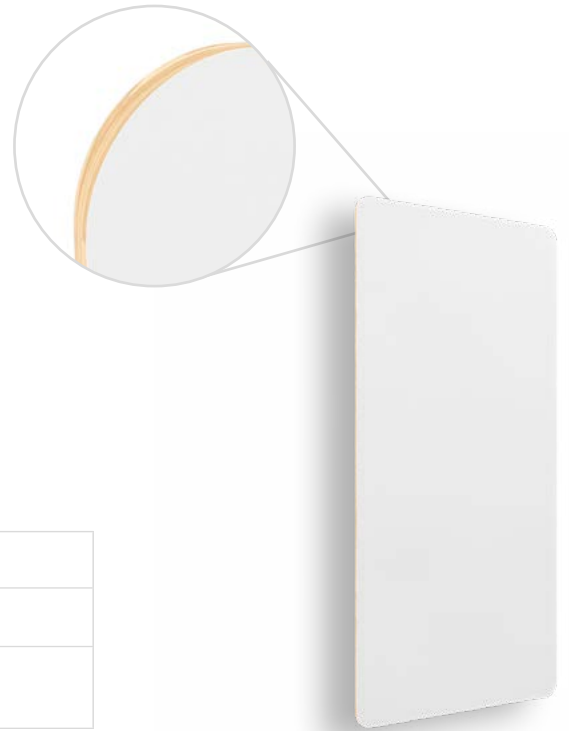

Flow Range

Flow Whiteboards

Choose between two magnetic double-sided whiteboard surfaces to best suit your team's needs.

- Lightweight whiteboard for easy handling
- Porcelain whiteboard for long lasting surface
- Both whiteboards are finished with a contemporary plywood edge

Code	Description	Size (LxWxH)	Weight
WLFLOW0817	Flow Whiteboard Double-Sided	800 x 12 x 1700mm	9.7kg
WCFLOW0817	Flow Porcelain Whiteboard Double-Sided	800 x 12 x 1700mm	16.0kg

Flow Acoustic Panels

PET sound absorbing panels, elegantly finished with a black aluminium trim.

- Choose from 22 acoustic colours to integrate with your colour scheme
- Serve as both a noticeboard and an effective noise management system
- When used with the wall rail, these panels create a gap from the wall, further reducing noise in the workspace

Code	Description	Size (LxWxH)	Colours
WAFLOW0817	Flow Acoustic Panel	800 x 12 x 1700mm	22 colours. Click here for our Acoustic Colour Chart.
