Deflecto products are internationally renowned for their style, quality and durability.

For over 60 years, Deflecto has maintained a strong commitment to product innovation, superior quality and service. Over the following pages, you'll discover the most comprehensive selection of display products available in New Zealand, each designed to meet a high standard of functionality and presentation.

Lit Loc is the most versatile brochure display system in the Deflecto range.

Its modular design allows brochure holders to be connected side by side and / or front to back, creating an impressive cascading wall display. Choose between wall mounting or floor standing options to customise your Lit Loc display to suit any space.

Sustainability

As an environmentally responsible business, we prioritise sustainability in every aspect, from materials and shipping to the entire product life cycle.

As a market leader in display products, we are proud to offer a premium range crafted from 80% clear **recycled materials**.

Our exclusive collection features six high-quality items from the Deflecto brand, including a variety of brochure and sign holders in different sizes. Each product is made from at least 80% post-industrial recycled material, designed to make an impact and stand out on any shelf.

Our range of **sustainable products** offers a stylish display solution, featuring brochure holders, business card holders and desk accessories.

Crafted in black plastic, these products meet both environmental and customer needs. Our brochure and business card holders are made from 60% recycled plastic, while our desk accessories are manufactured with at least 30% recycled material.
